SAVANNAH
by
Carson Morton

Rollin' down an endless road
Ridin' bobtail, dropped my load
Spent the night in Memphis, Tennessee

But all I did was dream of you
And even with these Diesel fumes
I can almost taste that ocean breeze

Savannah
I'm on my way back home
Through Atlanta
Then straight down to the coast
And I'm makin' real good time
As I cross that Georgia line
Savannah I'll be home tonight

I can see you up ahead
Barefoot by the water's edge
Even though I know it's a mirage

But sailing down this blacktop river
I can't wait till I deliver
All the love I carry in my heart

chorus

Ten wheels on the highway
Running straight and true
Each one sixty horses right on course back home to you

chorus
